REPORTS

Tab 1 Rachel Clark, Assistant Attorney General

- Rules Report

Ms. Clark discussed the status of the Board's rules which are currently undergoing revisions. Application rules were published on October 26, 2012 and will move through the rule process

At the August meeting of the board, it was decided to allow foreign trained physical therapist applying by endorsement to submit their original credential evaluation that was originally used to gain licensure in the state they would be endorsing from. Ms. Clark presented the proposed draft language:

64B17-3.003 Licensure by Endorsement.

(1) An applicant filing DOH Form #DH-MQA 1142 Application for Licensure, Revised

02/10, which is available through www.doh.state.fl.us/mqa, and demonstrating that he or she meets the requirements of Rule 64B17-3.001, F.A.C., may be licensed to practice physical therapy by endorsement by presenting evidence satisfactory to the Board that the applicant has active licensure in another jurisdiction and has passed an examination before a similar, lawful, authorized examining board in physical therapy in such other jurisdiction if their standards for licensure are as high as those maintained in Florida. The standard for determining whether the standards of another jurisdiction are as high as the standards in Florida shall be whether the written examination taken for licensure in such other jurisdiction by applicants meeting Florida's minimum educational qualifications was through the national physical therapy examination provider certified by the Department.

- (2) An applicant who has been educated in a foreign country shall demonstrate minimum qualifications by providing the following:
 - a. A certified copy of the credential evaluation used by the physical therapy licensing board of another state. The evaluation must be on the appropriate coursework tool (CWT) adopted by the Federation of State Boards of Physical Therapy (FSBPT);
 - b. Proof of 1000 clinical practice hours each year in the United States for five (5) out of the last ten (10) years;
 1. Full-time teaching of physical therapy education may count toward 250 of the 1000 required practice hours per year; and;
 - c. A written statement from the applicant's most recent employer stating that the applicant practiced safely and competently.
- (3) An applicant who has failed to pass the National Physical Therapy Examination for Physical Therapists by or on the fifth attempt, regardless of the jurisdiction through which the examination was taken, is precluded from licensure.

64B17-4.003 Licensure by Endorsement.

- (1) An applicant filing DOH Form #DH-MQA 1142 Application for Licensure, Revised 02/10, which is available through www.doh.state.fl.us/mqa, and demonstrating that he or she meets the requirements of Rule 64B17-4.001, F.A.C., may be licensed to practice physical therapy by endorsement by presenting evidence satisfactory to the Board that the applicant has active licensure in another jurisdiction and has passed an examination before a similar, lawful, authorized examining board in physical therapy in such other jurisdiction if their standards for licensure are as high as those maintained in Florida. The standard for determining whether the standards of another jurisdiction are as high as the standards in Florida shall be whether the written examination taken for licensure in such other jurisdiction by applicants meeting Florida's minimum educational qualifications was through the national physical therapy examination provider certified by the Department.
- (2) An applicant who has been educated in a foreign country shall demonstrate minimum qualifications by providing the following:
 - a. A certified copy of the credential evaluation used by the physical therapy licensing board of another state. The evaluation must be on the appropriate coursework tool (CWT) adopted by the Federation of State Boards of Physical Therapy Assistant (FSBPTA);
 - b. Proof of 1000 clinical practice hours each year in the United States for five (5) out of the last ten (10) years;
 2. Full-time teaching of physical therapy education may count toward 250 of the 1000 required practice hours per year; and;
 - c. A written statement from the applicant's most recent employer stating that the applicant practiced safely and competently.

- (3) An applicant who has failed to pass the National Physical Therapy Examination for Physical Therapists by or on the fifth attempt, regardless of the jurisdiction through which the examination was taken, is precluded from licensure.

The Board agreed to remove proposed section (c): A written statement from the applicant's most recent employer stating that the applicant practiced safely and competently.

The Board agreed to revise the proposed language in section (2)(a) to read: A certified copy of the credential evaluation used by the physical therapy licensing board of another state. The evaluation must be on the appropriate coursework tool (CWT) adopted by the Federation of State Boards of Physical Therapy (FSBPT) and reflect the education criteria in place at the time of graduation

The Board made the correction to proposed 4.003(2)(a) to read "... adopted by the Federation of State Boards of Physical Therapy (FSBPT).

NEW BUSINESS

Tab 6 Proposed Early NPTE Testing

In an effort to streamline the licensure process, board staff requested the board consider allowing applicants to sit for the exams prior to completing their respective program.

The Federation of State Boards of Physical Therapy (FSBPT) has a policy which requires the jurisdiction to approve a candidate that is a graduate of or graduating from an accredited PT or PTA program. The policy allows a candidate to sit for the NPTE no more than 90 days prior to their graduation date and exam may only be used for administration to a bona fide candidate.

FSBPT NPTE Policy:

12. Approval for Candidates to Sit for the NPTE

The licensing authority of the jurisdiction to which the candidate is applying must approve the candidate to sit for the examination. At a minimum, the licensing authority must require the candidate is a graduate of or graduating from a PT or a PTA program that meets the accreditation standards of the Commission on Accreditation in Physical Therapy Education (CAPTE) or is deemed substantially equivalent. Candidates may sit for the NPTE no more than 90 days prior to their graduation. The FSBPT is the final authority on access to the NPTE and issuance of scores on the NPTE. The FSBPT will

not grant a candidate access to the NPTE unless the candidate has first been approved by a licensing authority or authorized designee to sit for the examination.

An examination may only be used for administration to bona fide candidates for initial licensure, reinstatement or reactivation, or to candidates who are not licensed in a jurisdiction and do not have a qualifying examination score for that jurisdiction. In the case of reinstatement or reactivation, the licensing authority must notify the Federation that the candidate is taking the NPTE and provide the reason the examination is required.

Currently, board staff approves applicants for testing once a Letter of Completion is received from their school confirming all academic and clinical requirements are complete. A license is not issued until official transcripts are received confirming the conferred degree. This requirement will not change.

Sections 486.031 (PT) and 486.102 (PTA) require an applicant to have passed the appropriate examination to be eligible for *licensure*. The law remains silent on exam eligibility requirements.

MOTION: After discussion, Dr. Petraglia made a motion to not accept the proposal. The motion was seconded by Dr. Hellman and carried 4/0.

Tab 7 Proposed Employment Exemption Delegation

Board staff is proposing a revision to the current review process of Employment Exemptions for current licensees. This revision includes the use of the current conviction record guidelines which are in place for new licensure applications. The proposed request would allow board staff to approve a level 2 exemption if the licensee's criminal history falls within the clearable parameters as established by the Board for new applicants.

Currently the Board has delegated board staff to approve level 2 exemptions if the licensee holds a level 1 screening and no new history is present. Board staff feels this revision will speed up the process for eligible licensees to continue their employment or to seek employment at AHCA regulated facilities and will reduce the number of additional conference calls requested of the Board members.

MOTION: After discussion, Dr. Hellman made a motion to approve the proposal and the revised Delegation of Authority. The motion was seconded by Mr. Lohr and carried 4/0.

Tab 8 Update on Continuing Education at Renewal

Mr. Hall discussed the upcoming changes to renewal. There will be ongoing information regarding the new process and the way continuing education (CE) will be monitored. A representative from the CE auditing unit will be attending our next Board meeting to help answer any questions regarding the change.

REQUEST FOR MODIFICATION OF ORDER

Tab 20 Ross Matthew Roden, PT22271

Case No. 98-15174: Mr. Roden held a previous Florida license which was revoked by the board in November 1999. His license to practice in Florida was subject to discipline pursuant to Section 125(1)(g), Florida Statutes, for having a license revoked or suspended; having had disciplinary action taken against him by the licensing authority of another state.

Disciplinary action was taken against Mr. Roden's North Carolina license for engaging in conduct that could result in harm or injury to the public; engaging in any act or practice violative of the provisions of the North Carolina rules and regulations; recording false or misleading data, measurements or notes regarding a patient; failure to file a report, or filing a false report, required by law or by the board, or impeding or obstructing such filing or inducing another person to do so; and billing or charging for services or treatment not performed.

Mr. Roden applied for a new Florida license which was considered by the board at their November 2004 meeting. The board ordered Mr. Roden to show proof of completion of a course in billing and professional ethics and one year of direct supervision by a board chair approved monitor. Mr. Roden also was ordered to agree to refrain from practicing in Florida in a home health setting and shall provide the board office with an annual affidavit attesting to that fact.

Mr. Roden has submitted a request to remove the limitation of practicing in a home health setting.

MOTION: After discussion, Mr. Rust made a motion to grant Mr. Roden's request. The motion was seconded by Mr. Lohr and carried 4/0.
