  - Report hours manually
  - Ability to confirm course completion

Licensees are not required to pay for an account as the Basic account is free. Once a licensee has completed all required continuing education courses and has successfully submitted all courses to their CEBroker transcript, it is then that they will be eligible to renew.

Staff has previously provided and will continue to provide CEatRenewal pamphlets and flyers, with helpful renewal information, at each Board meeting.

## **16. CE Credit for Board Meeting Attendance**

Licenses have several opportunities for obtaining continuing education credit. One avenue is attending a board meeting where disciplinary cases are being heard as long as the licensee is not on the agenda or appearing for another purpose.

Staff has provided and will continue to provide a sign-in sheet at each board meeting. A licensee wishing to receive CE credit for their attendance must sign in and out in order to obtain their credit. Signing out is very important as this informs staff how many hours the licensee will be granted for attending. Per Rule 64B17-9.001, no more than five hours shall be accepted per biennium.

After each board meeting, staff reviews the sign-in sheet and submits the hours to each eligible licensee's CEBroker transcript. Licensees should expect to see their granted hours on their transcript within seven business days following the meeting.
