RULE DISCUSSION

Tab 1 64B17-9.001 Continuing Education

During the August board meeting, rule language was approved to no longer accept continuing education courses that have been approved by a component of the American Physical Therapy Association. This includes state chapters and sections. This change moved through the rule making process and became effective November 23, 2014. The board office received numerous phone calls and emails from licensees and CE providers expressing their concerns with how the rule change will negatively impact them. Emailed comments were provided for the Boards consideration.

Section 486.109, F.S. states, in part, the board shall approve only those courses sponsored or approved by the Florida Physical Therapy Association or the American Physical Therapy Association.

Dr. Lee Roberts, a continuing education provider, addressed the board.

Tad Fisher, Chief Executive Director and Michelle Higdon, Deputy Executive Director, from the Florida Physical Therapy Association addressed the board.

Rex Ware, Esq. from Buchanan Ingersoll & Rooney PC, represented his client Rick Schroeder, a provider of PTCourses.com and addressed the board.

The Board analyzed and interpreted language that is already in place, and discussed how the APTA is made up of components, which includes state chapters and sections.

Karen Cascardi, Academic Coordinator of Clinical Education from South University, addressed the board.

Dr. Petraglia stated her interpretation of the current law is that courses sponsored or approved by the APTA are to include chapters and sections of the APTA. The Board agreed with this interpretation. Therefore, licensees may receive continuing education credit for successfully completing a course from an APTA component.

Tab 2 Pro Bono Services

During the August 2014 board meeting, the board discussed the possibility of allowing continuing education credit for the performance of pro bono services.

Board Counsel drafted the below language for the Board's review.

64B17-9.002 Performance of Pro Bono Services.

(1) As provided in Section 456.013(9), F.S., up to six (6) hours per biennium of continuing education credit may be fulfilled by the performance of pro bono services to the indigent or to underserved populations or in areas of critical need within the state where the licensee practices.

(2) In order to receive credit under this rule, licensees must make written application to the Board and receive approval in advance. One (1) hour of continuing education credit shall be given for each two (2) hours worked. If the licensee intends to provide services in underserved or critical need areas, the application shall provide a brief explanation as to those facts.

After discussion it was determined that Mr. Harris will perform additional research on the definition of critical care and bring back results and revised language at the next available meeting for further consideration.

Tab 3 Exam Security and Sanctions for Subversions

Board Counsel wanted to discuss a possible amendment to Rules 64B17-3.006 and 4.006. These rules reference the Department of Health Rule 64B-1.004, F.A.C., relating to exam security, which is in the process of being repealed.

The department rules have been withdrawn so it is still a valid rule therefore Mr. Harris withdrew his request but will monitor the progress of the rule and bring back before the board if necessary.

Factors contributing to the lower FY1415 projected cash balance include the following:

- Cash Sweep impact of \$153,579

MEETING RECESS: 5:30 – 6:30 p.m.

Tab 18 NPTE Eligibility Requirements

During the November board meeting, the board discussed the changes to the National Physical Therapy Exam (NPTE) eligibility requirements and how these changes may be implemented. The board has invited the Federation of State Boards of Physical Therapy (FSBPT), the Florida Physical Therapy Association (FPTA), the American Physical Therapy Association (APTA), and program directors from Florida PT and PTA programs.

Susan Layton, Chief Operating Officer of FSBPT, and Ron Seymour, PT, FSBPT Board of Directors and state liaison, gave a presentation of the new requirements.

- Low score limit – Candidates who receive two (2) very low scores in the exam will not be allowed to test again. A very low score is defined as performing at or close to change level (scale scores 400 and below). This will go in effect January 1, 2016.
- Lifetime limit – Candidates will be able to take the exam a maximum of six (6) times. An individual can take the NPTE for a physical therapist six times and also take the NPTE for a physical therapist assistant six times if he or she is otherwise qualified to do so. This will go in effect January 1, 2016.
- Additional eligibility requirements – The two remaining eligibility requirements were endorsed in 2013, English language proficiency and determination of substantial equivalence using the FSBPT coursework tool, will go in effect in 2017.

FSBPT recognizes that states may have state law prohibitions that will limit their ability to adopt the new eligibility requirements. Therefore, they are willing to allow exceptions to the requirements for a limited time. FSBPT is willing to provide necessary data and will assist the board if possible with proposing legislation.

Eduardo Rodriguez, PT with Dade Medical College asked if non-CAPTE graduates will be allowed to sit for the exam. Ms. Layton explained that non-CAPTE graduates will be allowed to sit for the exam until the new eligibility requirements become effective in January of 2017.

Tab 19 Administrative Process for Non-CAPTE Applications

Board staff is beginning to receive applications from a non-CAPTE physical therapy assistant program. Direction was requested so that staff can ensure all necessary documentation and procedures are in place to process these applications.

Senator Oscar Braynon, II introduced himself to the Board and explained he was in attendance to gain additional information.

Mark Murray, Esq., addressed the Board on behalf of Dade Medical College and explained that he expects graduates of non-CAPTE programs to be processed in the same manner as graduates of CAPTE programs.
