Tab 10 Licensure Compact

The Federation of State Boards of Physical Therapy has launched a project to develop an interstate licensure compact for physical therapy. During the November meeting, the Board requested information regarding how The Federation of State Boards of Physical Therapy (FSBPT) monitors rule changes that will affect the Florida laws and rules exam.

The board office has been in communication with Jeff Rosa, Continuing Competency Managing Director for FSBPT, regarding how these changes are monitored. Mr. Rosa explained that the FSBPT subscribes to a notification service that tracks legislative bills and rule changes through the Florida Administrative Register. The FSBPT receives alerts twice weekly to track any changes. If a change impacts an examination questions, the question is modified and a revised form of the exam is sent to Prometric to be uploaded into their exam delivery system.

In addition to the notification service, advance notice of potential changes provided by Board staff also allows the FSBPT to prepare potential modifications in advance of the effective dates of the change. This helps speed the length of time needed to make the required changes.
