10. Telehealth

At the request of Dr. Donald, information regarding Telehealth was provided for the Board's review.

11. Annual Regulatory Plan

Each agency under the direction of the Governor shall submit to the Office of Fiscal Accountability and Regulatory Reform (OFARR), an annual regulatory plan that shall identify and describe each rule that the agency expects to begin promulgating during the next twelve-month period.

In general, the plan should include any rules the board/council plans to amend during the upcoming year. Staff recommends that all application rules be added to the plan as changes to the application are often needed and cannot always be anticipated.

If a rule is not included and a subsequent need to change the rule arises, the board/council is not prohibited from making needed changes, conversely simply placing a rule on the plan does not require rule development be undertaken.

It is suggested the board/council delegate to the Chair the authority to approve the plan completed by the attorney subsequent to this meeting.

MOTION: After discussion, Dr. Tasso made a motion to delegate authority to the Board Chair, herself, to work with the attorney in executing a plan for the physical therapy board. The motion was seconded by Mr. Chenoweth and carried 4/0.
