REPORTS, IF ANY

6. Board Member Reports, if any

- Dr. Kay Tasso, Chair

In September Dr. Tasso spoke with Jeff Rosa, with FSBPT, regarding the following items related to the Florida jurisprudence exam:

FSBPT only tracks legislative items that have a direct effect on the practice act; otherwise, they rely on Florida to notify them. Currently FSBPT receives Florida Register publications and they track the Board agendas to make them aware of any pending legislation and rules. Once changes are determined to be needed to the FLLAW exam, FSBPT must remove and replace the items and then it takes Prometric 4-6 months to implement the changes. Collen Lettvin, Ellen Donald, and Kayla Karpp worked together on test items this past quarter to update the Laws and Rules exam.

Dr. Donald and Kayla Karpp were delegated by the Board to work with FSBPT on the Laws and Rules updates as rule language becomes effective.

Lorin Muller, with FSBPT, recommends changing the test outline requirements from a specified number of items to a range of items.

Dr. Donald was asked by the Board to contact FSBPT and have the outline of the FLLAW exam changed for percentages to an appropriate number of questions range per topic.

7. Executive Director, Allen Hall

- Expenditures by Function Report
- Cash Balance Report

The above reports were presented as informational only.

8. FSBPT Updates, if any

Dr. Donald reported that the Federation has formulated the following task force groups to focus attention on:

- Re-entry to practice
- Artificial Intelligence
- Boundary Violation
- Impaired practitioner

Dr. Donald informed the Board of the webinar series that is available on the FSBPT website.

9. FPTA Updates, if any

None to report.

RULE DISCUSSION AND/OR DEVELOPMENT

24. 64B17-5.001, F.A.C., Requirements for Reactivation of an Inactive or Retired License.

Amendment of this rule was discussed by the Board on August 28, 2020, but no final changes were made. The rule is back before the Board for further review and discussion.

AUGUST 28 MEETING MINUTES SUMMARY:

20. 64B17-5.001, F.A.C., Requirements for Reactivation of Inactive or Retired License

The Board was requested to review the criteria to reactivate an inactive or retired license and determine if rule changes are needed to clarify/simplify the requirements and address the lack of a laws and rules course.

These are the noted issues with the rule:

- The rule limits the amount of "home study" to six hours per year. Limiting the amount of home study or "online" CE is being questioned by the Legislature.

- As an approved Florida Laws and Rules course continues to be unavailable, a Licensee's only option is to pass the laws and rules exam.

- The rule requires documentation of a license in good standing in another state and for the licensee to have actively engaged in the practice of physical therapy for the four years immediately preceding application for reactivation. Some individuals will not be able to meet [these] criteria. For example, a Florida licensee, who has never been licensed in another state, but chose to place their license in an inactive status, would be unable to demonstrate the needed licensure or practice in another state.

Board discussed the option of an "or" statement to be added and directed staff to add revised language by the Board Counsel to the December meeting agenda.

PROPOSED RULE AMENDMENT:

64B17-5.001 Requirements for Reactivation of an Inactive or Retired License.
An inactive or retired license shall be reactivated upon receipt by the Board office of the following:

(1) Payment of all applicable fees, including:

(a) The biennial renewal fee as specified by subsection 64B17-2.001(5), F.A.C.;

(b) The unlicensed activity fee as specified by Section 456.065(3), F.S.;

(2) Documentation of compliance with all continuing education requirements as provided in Rule 64B17-9.001, F.A.C., including prevention of medical errors, for the biennium during which the licensee last held an active license; and~~,~~

(3)(a) Documentation of completion of ten (10) hours of continuing education for each year the license was inactive, including two (2) hours on the prevention of medical errors. No more than six (6) hours of continuing education may be completed by home study per

year of inactive status, except December 1, 2019- December 1, 2021, all required continuing education may be completed by home study or online. As part of the ten (10) hours of continuing education, the applicant must document completion of two (2) hours of continuing education specifically on Florida Physical Therapy Laws and Rules within the twelve (12) months immediately preceding application for reactivation. In lieu of two (2) hours of continuing education specifically on Florida Physical Therapy Laws and Rules, the applicant may receive two (2) hours of continuing education for taking and passing, within twelve (12) months immediately preceding application for reactivation, the Florida laws and rules examination developed by the FSBPT; or

(b) Documentation that the applicant is licensed and in good standing in another state and has actively engaged in the practice of physical therapy for the four (4) years immediately preceding application for reactivation. For purposes of this paragraph, "actively engaged in the practice of physical therapy" means the applicant practiced at least four hundred (400) hours per year in a state or states where the applicant maintained licensure;, or

- Letter of Concern
- Reprimand
- Suspension
- Suspension with a Corrective Action Plan
